

County of San Diego, Alcohol and Drug Services

Adult Non-Residential Alcohol and Drug Treatment and Recovery Services For Serial Inebriates

Friday, November 6, 2009 1:00 p.m.

- Facilitator: John Oldenkamp, ADS Program Manager/COTR

Forum/Community Conversation

Purpose: To engage forum participants in a meaningful conversation on Alcohol and Other Drug (AOD) treatment, recovery, and supportive non-residential services for adult Serial Inebriates in the County of San Diego ADS system.

Goal: To give participants the opportunity to provide input and share perspective on the issues, challenges, successes, as well as best or promising practices to produce positive client and program outcomes.

Best or promising practices to improve client outcomes are key discussion points.

Community Conversation Questions:

- In the field of AOD treatment, recovery, and supportive services for adult serial inebriates, what are the best practices, promising practices and strategies to help achieve positive outcomes for this service population?
- What are the challenges and obstacles faced by organizations in delivering effective AOD services for adult serial inebriates? How can these challenges be mitigated?
- What trends or evolving issues are there today among adult serial inebriates ?
- Based on client satisfaction surveys or other data at your program, what are your clients telling you about program operations, service delivery, staffing, and overall satisfaction with adult serial inebriate non-residential services?
- Please share your success stories in working with the above-mentioned target population.
- Thank you for your participation.
